

THE OWL

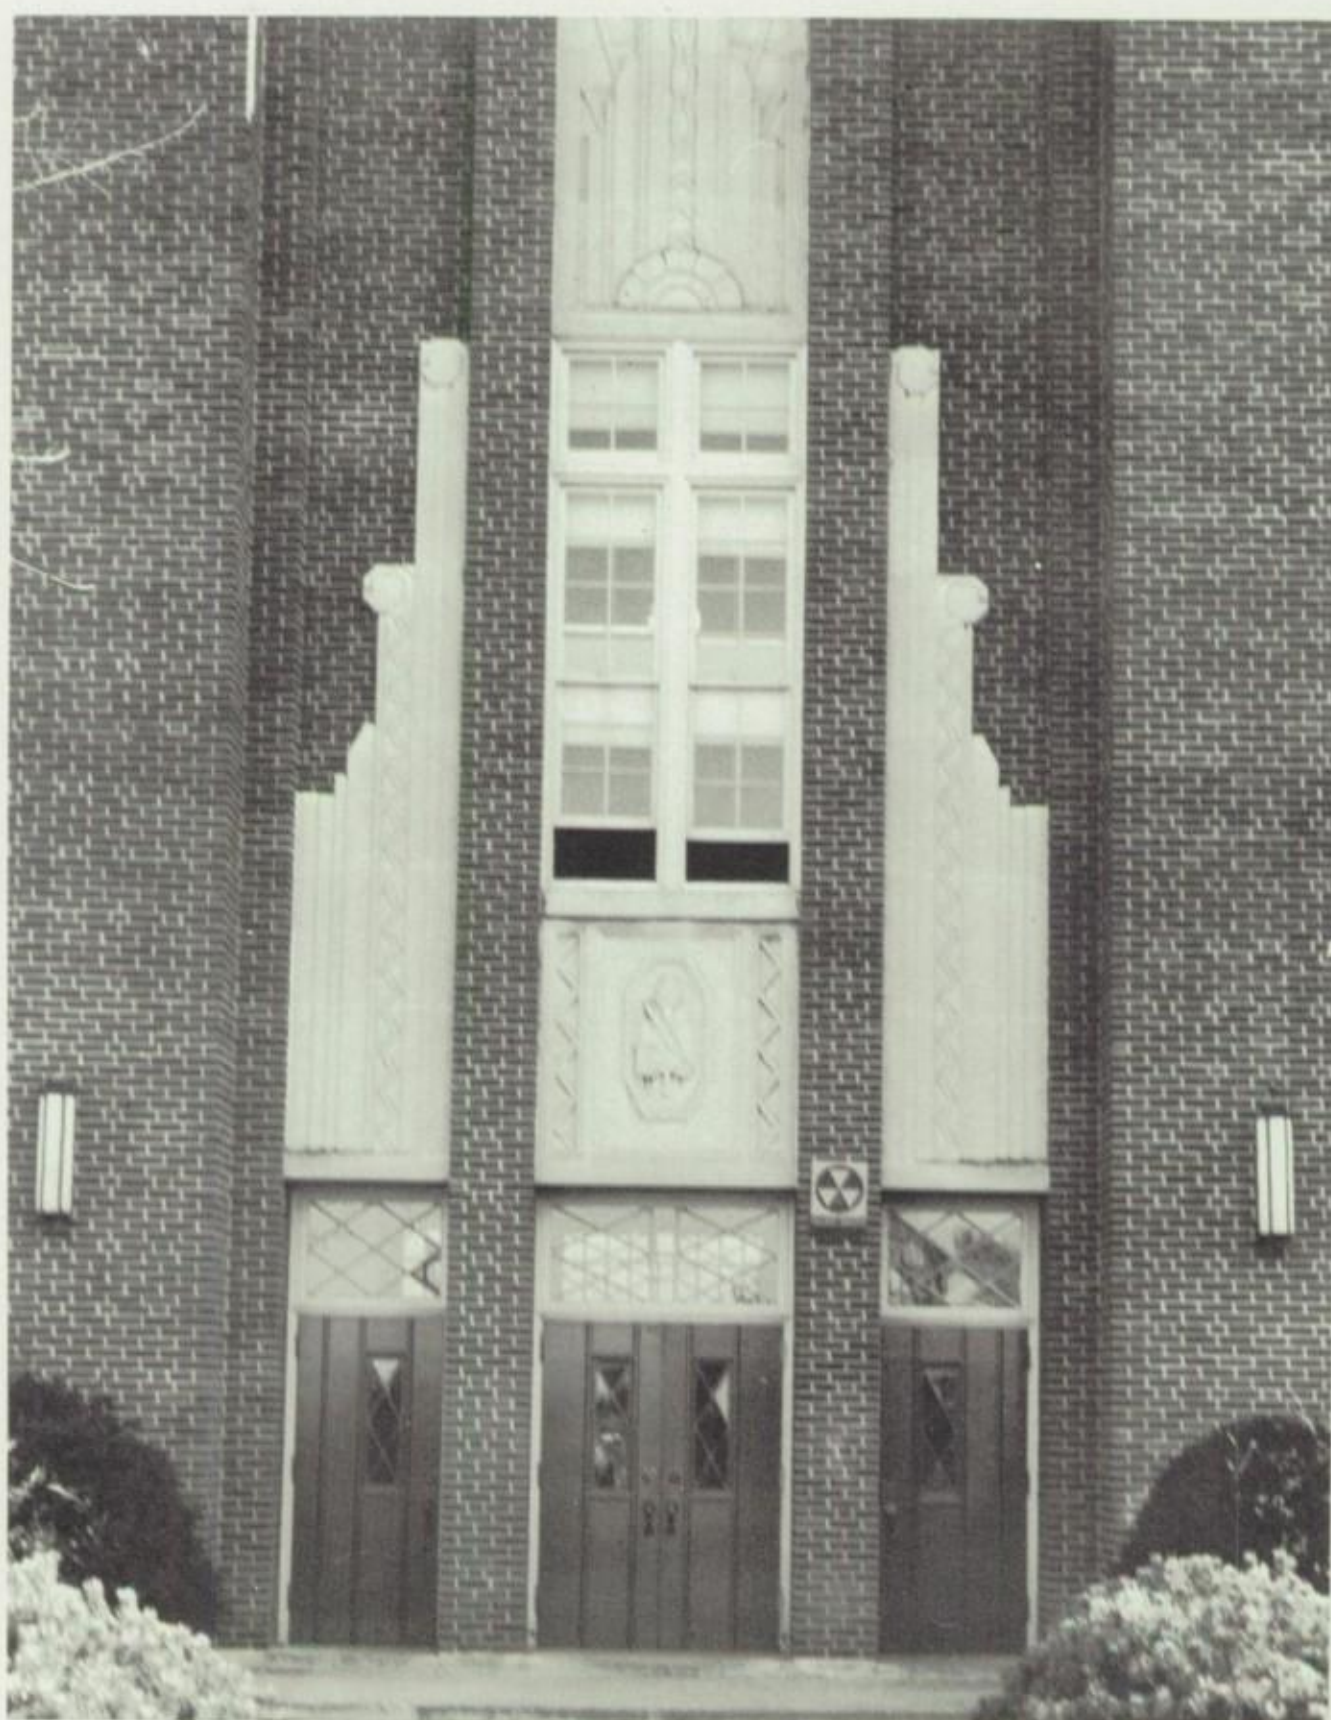

NINETEEN HUNDRED SIXTY-SIX

1966 OWL

WESTMINSTER SENIOR HIGH SCHOOL
WESTMINSTER, MARYLAND

In presenting this yearbook, we the staff, would like to give a clear, concise picture of life at Westminster High School. Each year the curriculum in our school changes to meet our needs. The yearbook also changes. As you turn the pages, you will observe these innovations that are significant of the many transformations to come in your future. Through knowledge gained in high school, the changes will be easier to make. Life is a series of changes and we would find it boring if it were not. Our ancestors, if they were here today, would tell us of the necessity for variations and instill in us the will to make them. None of us will or must stand still. We must go forward and be eager to meet the new. The future will hold many new and different opportunities for each of us. We, the staff, just hope the changes in the future will be as easy to adjust to as the changes in the yearbook were.

TABLE OF CONTENTS

Mr. Samuel M. Jenness,
Superintendent of Schools

Mr. Samuel McCardell Jenness came to Carroll County forty years ago as a high school teacher. Prior to that, he had taught for four years in other county high schools. He has progressively risen from teacher, to administrative assistant, to high school supervisor and for the past twenty years Superintendent of Schools. He has been a lifelong resident of Maryland and with the exception of graduate study at Syracuse University received his complete education in Maryland schools. He has been truly dedicated to the education of children and has been untiring in his activities in workshops and on committees to bring the best in education to Carroll County.

Therefore, as a token of our respect, appreciation, and admiration for his dedication to educating the future leaders, we the Class of 1966 would like to dedicate our yearbook to Mr. Samuel McCardell Jenness.

PRINCIPAL'S MESSAGE

The class of 1966 will have reached one of its goals upon the completion of this school year. We hope that this in itself is not the only goal that the members of this class will have. There are many opportunities for successful achievement in the world today. However, it is our responsibility to prepare ourselves to take advantage of these opportunities. There are many challenges that will face us as we take our place in the world. The better prepared we become, the more effective will be our role as citizens of an ever-changing society. Our goals and ambitions will be realized only if we learn to assume responsibility and do our part to make our world a better place in which to live. We hope that you will always feel proud of having graduated from Westminster Senior High School.

Another one of Mr. Eaton's groups is the DRAMATIC CLUB. This organization was responsible for the "skit" which was presented during the school's annual bazaar. One of the highlights of the year for the members of the Dramatics Club is the annual Christmas program.

A Memorable Evening

P L A Y S C H O O L

One of the highlights of the program in Home Economics is the annual Play-School. The "school" is an outgrowth of the unit on child-care and development; the program has grown steadily during the past three years. During this school year

fifty youngsters from the Westminster area were enrolled in the activity. In the picture above, twenty-five youngsters who participated in the first seven week session pose with the girls who served as counselors in the "Play-School."

One of the principal events in the "Play-School" was the morning visit to the "Country-Store."

A visit to the sand box was always a popular feature of the "Play-School." Here eight of the youngsters gather for a review of the morning's events.

J.V. FOOTBALL TRI-STATE CHAMPS

Proud is Westminster High of this great accomplishment of our baby Owls. This is the first time this honor has been brought to our school. They should be commended for the hard work and effort put forth to make this feat possible. Under the coaching of Wes Keffer, they had a very impressive 5-win, 2-loss season bettered by no other J.V. team in the school's history. Knowing they will be great assets to the football future at WHS, we commend them for a job well done.

DISTRICT #3 PLAYOFF BASKETBALL

OWLS DROP 76-66 PLAYOFF DECISION

The 1966 basketball fortunes of Westminster High School seemed to reach for new highs during three quarters in their playoff contest with Glenelg High School from Howard County. During this time the OWLS fought hard to maintain the lead; in the fourth quarter things changed, and the Owls fell behind and subsequently dropped the decision to the Howard County "five". Pacing the Owl attack in the final game was senior Larry Barnes with 18 points. For his efforts during the season Barnes received an "Honorable Mention" spot on the All-Opponent team. Sam Martin was the other WHS player to be honored.

Senior Ted Lawyer makes a futile effort to steal the ball from Bob Dorsey of Glenelg in the closing moments of the OWLS 76-66 defeat.

EPILOGUE

Our final product is finished; this could not be accomplished without the help of many people who might be considered our "unsung Heroes." To these we say a very sincere "Thank You." Now as we complete our final deadline may we recognize some of these people:

- . . . our subscribers,
- . . . our advertisers.
- . . . Mr. Magee, our school photographer,
- . . . Mr. Hal Mayer, our publisher's representative,
- . . . the faculty for their cooperation,
- . . . the administration for their assistance,
- . . . finally, to all who helped, in a large or small part, may we again thank you!

The Staff,

THE OWL, 1966
